November 2026 Message from Your Chapter Chair, Mary Therese Tylus, MA

Happy November, everyone! It certainly doesn't feel like November, but I am sure that the cold weather will hit us soon!

By now you have all heard who the new Officers of the Chapter are for 2027:

Andrew Bartol, MBA – Chair
Sabrina Ramos – Co-Vice Chair
Anthony Lyles – Co-Vice Chair
Val Mertens, CPP – Treasurer
Anna Tobkin – Co-Treasurer
Ewa Urbanowicz – Secretary

Andrew and his team are busy confirming the 2027 Committee Chairs who will serve the Chapter, and those announcements will be made at the December Holiday Luncheon.

I have been busy meeting with Andrew to ensure a smooth transition from the 2026 Officers and Committee Chairs to the 2027 Officers and Committee Chairs. Know that we are working diligently so that everything will continue to move forward seamlessly and without missing a beat.

I wish Andrew and his entire team well and know that they will continue to bring new and exciting events and speakers to the Chapter members and will continue to assist the Chapter to soar to new heights.

I want to give the Tri-Chapter WIS Committee a huge shout-out for another great and informative Tri-Chapter Event at Lamb's Farm on October 30, 2026. Kudos to the planning committee comprised of Chicago Chapter WIS Co-Chairs, Ewa Urbanowicz and Angie Hardney; Greater Milwaukee Chapter WIS Chair Chris Magnus; and North Shore Chapter Chair Marina Ceron-Perez and Secretary Nicole Velez for their hard work in putting together the 4th Annual Tri-Tri-Chapter WIS Event – "Fearlessly Forward." A huge thank you to the various guest speakers: Pam Ex of Pam Ex Coaching and Ewa Urbanowicz, who led us in a career panel and interactive activity; Biljana Spasojevic, U.S. Secret Service Agent – Chicago Field Office, who shared her story of how she became an agent with the U.S. Secret Service and the obstacles she overcame as she rose through the agency; Elizabeth Moslander, CPP, former North Shore Chapter Chair and 2026 International WIS awardee, who shared her story of continuously moving forward fearlessly in her security career; and Maria Stone, who closed the event with a panel discussion and Q&A with these four presenters. It was truly inspiring!

November 2026 Message from Your Chapter Chair, Mary Therese Tylus, MA

Please note that our November Chapter meeting is November 12, 2026, at Harry Caray's. We moved the date up a week to accommodate members who had to choose between our regularly scheduled 3rd Thursday of the month meeting and the BOMA Chicago Annual Meeting. We have noticed over the past couple of years that our regularly scheduled Chapter meeting posed a conflict for those members who must attend the BOMA Chicago Annual Meeting at the same time. So please make a note that our Chapter meeting is Thursday, November 12, 2026.

As advertised on our Chapter LinkedIn page and through various posts as well as October's newsletter, our November 12, 2026, speaker is Heather Jokiel (Executive Recruiter at Miller Resource Group and ASIS Chicago Placement Chair). Heather brings 15+ years of industry and executive recruiting experience to simplify the hiring process. Heather will demystify the recruiting process, clarify expectations regarding active job openings and provide crucial scam warnings about recruiter fees, show us how to maximize LinkedIn and candidate visibility, highlight LinkedIn as a primary tool in recruiting, provide tactical advice on leveraging AI-friendly keywords, writing metric-driven bullet points with quantifiable achievements, and keeping contact info updated, how to navigate job boards, and last but not least, discuss her role as the Chapter's Placement Chair. So, whether you are actively or passively looking for your next role OR are the HR/employer looking for that dream candidate, come to this meeting to learn all about it! Tickets are now on sale, so please sign up today!

Our holiday party is just around the corner as well – Thursday, December 17, 2026, at Harry Caray's. Andrew and I will be presenting the annual "State of the Chapter." Our guest speaker will be Eddie Sorrells, CPP, PSP, PCI, the 2026 International President, who will present the "State of International," which is both a review of what has transpired in 2026 for International and a peek at what is in store for 2027 and beyond. Tickets for this event are now on sale, so hurry and purchase your ticket(s), table, or half table! We will once again hold a CASH ONY Split the Pot raffle with proceeds going to the Chicago Greater Food Depository. Tickets for the raffle will be purchased at the event.

I would like to give a shout-out to all our Veterans as we celebrate Veterans Day on November 10, 2026. Thank you all for your sacrifice and for keeping us safe and free! We are all indebted to all of you— current, retired, and those who didn't make it home— who fought and continue to fight for our freedoms! May God continue to bless you and keep you!

Have a great Thanksgiving and see you all Thursday, November 12, 2026, at our Chapter meeting!

Who to Contact for Chapter Questions

To better assist members when they have questions or issues regarding the Chapter or ASIS International in general, here is a handy reference of the Chapter Volunteers to contact and their "expertise":

Questions regarding ASIS International/the Chicago Chapter or other security-industry questions/events: **Mary Therese Tylus, MA (Chair)** – *marytylus@comcast.net* or *chairman@asischicago.net* OR **Andrew Bartol, MBA (Vice Chair)** – *vice-chairman@asischicago.net* OR **Anna Tobkin (Secretary)** – *secretary@asischicago.net*

Questions regarding dues (Chapter or International), payment issues for meetings/events, etc.: **Val Mertens, CPP (Treasurer)** – *treasurer@asischicago.net*

ASIS Certification Questions and Chapter Study Group: **Richard Biolette, CPP, PSP, PCI (Certification Co-Chair)** at *Richard.Biolette@smithgroup.com* and **Justin Thomas, CPP, PSP (Certification Co-Chair)** at *justin.thomas1@bp.com*

Active/Retired Law Enforcement and wanting to know more about the benefits of ASIS International and the Chapter membership: **Jason Kohl (Law Enforcement Liaison Chair)** – *jkohl116@gmail.com*

Active/Retired Military and wanting to know more about the benefits of ASIS International and Chapter membership: **Earl Lindsey (Military Liaison Chair)** – *majorlinkssecure@gmail.com*

Books security-industry experts (members or nonmembers) to speak at monthly Chapter meetings, have a speaker you heard that you think would be great to speak at an upcoming Chapter meeting, meeting topic ideas, etc.: **Hamid Chaudhry (Program Chair)** – *hamid.chaudhry@gmail.com*

Questions about ASIS International and Chapter Membership in general, its benefits, cost, etc.: **Leo Jimenez (Membership Chair)** – *leonardo.jimenez@securitasinc.com*

Questions about our newsletter and social media content/posts: **Jaxon Taff (Communications Chair)** – *socialmediamanager@asischicago.net*

Questions about ASIS International and the Chapter Mentorship Programs and Events: **Omar Scarpetta (Mentorship Chair)** – *scarpettaomar@gmail.com*

Questions about ASIS International and Chapter NextGen events, program, etc.: **Teunta L. Cunningham (NextGen Chair)** – *teunta.cunningham@aus.com*

Issues with logging into your Chapter account, password issues, emails from the Chapter, not receiving emails from the Chapter, etc.: **Demetrius Anderson (Co-Webmaster)** or **Connika King (Co-Webmaster)** – *webmaster@asischicago.net*

Questions about the ASIS International and Chapter Women In Security Programs and Events: E**wa Urbanowicz (WIS Co-Chair)**-- *eurbanowicz.122@gmail.com* and **Angela Hardney (WIS Co-Chair)** – *Angela.Hardney@garda.com*

Coaching for employment opportunities the Chapter may be aware of through its members and for its members, develop content for the Chapter's employment services section of the website and/or for the Chapter newsletter: **Heather Jokiel (Placement Chair)** – *heatherj@millerresource.com*

Golf Outing Questions: **Volunteer Opening**

A Message from our Certification Co-Chairs: Richard Biolette, CPP, PSP, PCI and Justin Thomas, CPP, PSP

This just in from ASIS International regarding exam administration policies for the CPP, PCI, PSP and APP tests:

Dear Volunteer Leaders,

ASIS International is updating exam administration policies for CPP®, PCI®, PSP®, and APP® effective 1 September 2026. These changes were approved by the ASIS Global Board of Directors and are intended to strengthen exam security, integrity, support global fairness, and provide a more consistent candidate experience. Candidates were notified of these changes on 29 July and a reminder sent today.

Beginning 1 September 2026, candidates whose primary language is not English may request an additional 25% testing time per hour of exam time by attesting to need. Candidates may choose either this additional-time option or a Spanish-language exam form, but not both, for the same exam appointment. Also beginning 1 September 2026, remote proctoring will no longer be broadly available for ASIS certification exams. Candidates should plan to test at a Prometric test center unless they receive an approved accommodation through the Professional Certification Board (PCB) Certificant Relations Committee. If a candidate currently has a remote proctored appointment scheduled on/after 1 September 2026, it is not affected by this change.

Please help reinforce that these changes are designed to protect the value of ASIS credentials while supporting a fair and consistent global testing experience. If candidates have questions about their individual circumstances, please direct them to ASIS Certification staff, certification@asisonline.org.

Thank you all for your support of the ASIS certification program.

Sincerely

Erica Brown, CAE
ASIS International Director, Certification

Some Changes to Chapter Practices Beginning Immediately:

- Starting immediately, the Chapter will no longer have available at pre-registration for our events “Pay at the Door”. We have run into problems with members/nonmembers registering for events with Pay at the Door and then not showing. Because we count you in the RSVP, we are still charged for that ticket. Therefore, to avoid attempting to collect later, we are no longer providing that courtesy. All registrations starting with our Holiday Party 2025 will require payment at the time of registration.
- We will still be able to take “walk-ins” on a limited basis at our events, so if your schedule frees up at the last minute, please feel free to attend an event. The only exception is if there is a hard RSVP date, then walk-ins will not be available.
- When you pay your Chapter Dues now, you will have the option of checking the “Auto Renew Button”. This way, just like International, we are rolling out this feature to make paying your Yearly Chapter Dues easier for everyone! We hope you enroll in that new feature!
- Note that beginning with registration for our January Chapter meetings, the ticket price has gone up slightly. See elsewhere in this newsletter where we highlight the new ticket prices.

We appreciate your understanding as we implement these changes in order to maintain the financial health of the Chapter.

New Pricing for Law Enforcement and Military 2027 Chapter Meeting Tickets

Ticket prices for the monthly 2027 Chapter meetings for the Chapter's Law Enforcement and Military will increase slightly to:

$25.00 Member Current/Retired Law Enforcement/Military Discount & Valet Parking

$25.00 Non-Member current/Retired Law Enforcement/Military Discount & Valet Parking

NOVEMBER CHAPTER MEETING AND SEMINAR

Nov 12, 2026 | 11:00 am

TOPIC

Recruiter 101

SPEAKER

EXECUTIVE RECRUITER

INDUSTRIAL AUTOMATION TEAM AT MILLER RESOURCE GROUP, SPECIALIZING IN SMART BUILDING ROLES ACROSS HVAC AND FIRE & LIFE SAFETY

Heather Jokiel is a Building Automation Executive Recruiter on the Industrial Automation Team at Miller Resource Group, specializing in smart building roles across HVAC and Fire & Life Safety. Prior to becoming a recruiter, she spent over a decade in sales and project management in the low-voltage industry caring for customers and managing projects in IT, data networking, and telecommunications. Because of her hands-on infrastructure background, she uses real world industry experience to vet candidates for her clients. Heather speaks the language of field engineers and technicians fluently. She respects candidate grit, appreciates direct communication (and fluent sarcasm), and delights in every opportunity to talk nerdy about technical systems.

Known for her energy, authenticity, and relentless follow-through, Heather has dedicated 15 years to building trusted industry relationships. Whether partnering with hiring managers or guiding specialists, she asks the sharp questions required to match top talent with high-impact teams. Clear communication, detail-driven execution, and empathy paired with clear-cut honesty are the pillars of her approach.

The Value of an ASIS Certification

Enjoy personal satisfaction and professional achievement by:

- Validating your security management expertise
- Elevating your stature in the profession
- Gaining a competitive edge in the marketplace
- Enhancing your career and earnings potential. ASIS certificants earn an average of 20% higher salaries than those without an ASIS certification (per ASIS Certification Survey – April 2019) Broadening experience and training from law enforcement and military backgrounds

The Value of an ASIS Certification to Your Employer

- Build a strong, dedicated team committed to high standards and continuing professional development
- Promote ongoing enhancement of critical job knowledge and skills
- Feel confident that your staff are using best practices
- Recruit the most qualified professionals
- Reinforce or elevate your organization's reputation and credibility

Fast Facts: 7 Types of Disinformation

Misinformation and disinformation topped the World Economic Forum's (WEF) Global Risks Report 2025 two-year ranking, and the interplay of false information with political and societal polarization creates ideal conditions for civil upheaval. Changing technological capabilities—including the use of artificial intelligence (AI)—makes the generation and spread of false narratives easier and faster, simultaneously making them harder to detect and remove.

"Threat actors, state agencies in some countries, activist groups, and individuals who may or may not have criminal intentions can automate and expand disinformation campaigns, greatly increasing their reach and impact," the report said.

To determine how best to respond to false information and narratives, it's important to clearly analyze the type of message. Learn more in the video below.

4 Global Regulations and Guidelines to Watch on Disinformation

Things are changing quickly when it comes to how the world responds to false information and misinformation. Governments, international organizations, and regulatory bodies are working on ways to prevent people from spreading false information that could hurt societies and markets, while still letting people say what they think.

Corporate security leaders need to learn more about these frameworks so that they not only follow the rules but also are ready for the way new rules will change how they respond to crises, manage digital risks, and hold organizations accountable in the future.

European Union: Digital Services Act
The Digital Services Act (DSA), enacted in 2022 and effective from 2024, is a groundbreaking regulatory framework designed to increase the accountability and transparency of digital platforms, particularly very large online platforms (VLOPs), with more than 45 million users in the European Union. Under the DSA, platforms like Meta, Google, X (formerly Twitter), and TikTok are legally obligated to assess and mitigate systemic risks, including the dissemination of disinformation.

They must perform annual risk assessments, implement robust content moderation systems, provide access to data for vetted researchers, and offer users transparency about content recommendation algorithms. Failure to comply can result in fines of up to 6 percent of the platform's global annual revenue.

U.S. Secret Service, ASIS Release New Resources to Help Security Managers Prevent Workplace Violence

The U.S. Secret Service released guidance last week that is designed to help security managers to mitigate workplace violence at their organizations.

Preventing Targeted Workplace Violence: A U.S. Secret Service Guide to Behavioral Threat Assessment and Management is a detailed report that analyzed 50 recent workplace violence incidents to draw conclusions on best practices for prevention.

This week, ASIS International released a revised version of its Workplace Violence Prevention and Intervention Standard to help security managers in this effort. The Secret Service guide presented an eight-step process for preventing incidents of workplace violence. The ASIS standard provides extensive guidance on all the areas covered by the Secret Service report.

“Preventing targeted workplace violence is everyone’s responsibility,” according to the Secret Service report. “All employees, including supervisors, managers, front-line employees, and professionals in security, human resources (HR), and other positions and departments, have a role to play in violence prevention.”

The Deepfake Detection Dilemma

It was a beautiful February day in Jalisco state when the news broke that the Mexican military had killed Nemesio “El Mencho” Oseguera Cervantes, the leader of the Jalisco New Generation Cartel, in a raid.

Then dark clouds of smoke started to fill the skies and gunfire erupted as cartel factions began to battle for control to fill the leadership vacuum left in the wake of Oseguera’s death. Violent imagery spread across the Internet, depicting infrastructure ablaze as a ground assault continued—massively disrupting the country.

Or at least that’s what it looked like online as duty-of-care provider Global Guardian worked with its clients in Mexico on 22 and 23 February 2026 to assess whether they needed to be evacuated to a safer location. Of particular concern was video on social media that appeared to show the Puerto Vallarta International Airport on fire. It looked authentic. But did it accurately reflect reality?

ASIS International Announces the Launching of a New Join Process

Effective February 14, 2024, ASIS International will launch the new join process. What does this mean for our new International members?

1. It will be easier to join ASIS International – the application stays the same, but the payment process will be easier. The website to join International remains https://www.asisonline.org/join
2. If International members want to purchase multiple products from the ASIS store with their membership – they will receive the membership discount. For example – someone may decide to add membership and a webinar to their cart – the webinar will be discounted to FREE at checkout due to the customer being recognized as a new member upon purchase.
3. Regardless of when someone joins, their International membership will be good for one FULL year (At this time, if you joined in March – though you'd pay full price, you'd only receive membership for 9 more months).
4. Expiration dates will appear in an International member's My Account section and multiple reminders will be sent out via ASIS International upon renewal time.
5. International members continue to have the ability to sign up for auto renewal and save 5% or renew for three years in advance to save 10% AND lock in the current price.
6. Soon International members will have the option to pay by PayPal.

Once you join – your International expiration date always stays the same. Unless you let your International membership lapse – then you would need to rejoin the International Association and you will receive a new International expiration date.

And when you join the Chicago Chapter as a new member and pay your dues what happens next? Your expiration date for your Chapter Dues will now be the same as your International Dues expiration date.

For now, those of us who have joined International and the Chapter prior to February 14, 2024, your International and Chapter Dues Expiration Date will continue to remain 12/31 of each year.

ASIS Chicago Chapter Event Registration Information

We always look forward to having everyone join us at our monthly chapter events and we welcome all guests! However, it's essential to ensure that you have provided your up-to-date contact information when signing up for yourself or a guest. We require this information to inform all attendees in case of an emergency, such as a cancellation or change in venue. Unfortunately, during our January meeting, we had to cancel due to a burst water pipe, and we were unable to reach everyone. We noticed that some people did not enter a phone number when registering, or if someone registered a guest, they did not include their contact information. Therefore, please make sure to add your contact information when registering for our events, including your phone number and email address. Current ASIS members can keep this information updated from their International and Chapter profiles, while non-members can update this information when registering for an upcoming event. Thank you, and we look forward to seeing you at one of our future events!

Making Profile Changes to your ASIS International & Chicago Chapter Profile

Did you know that if you make changes to your ASIS International Profile, you have to go into your Chicago Chapter Profile and do the same? Yes, unfortunately, when an International & Chicago member makes a change to their profile in either system, the changes do not carryover. Thus, if you change jobs, change emails, add a certification, etc., you must make those changes in both systems. So, periodically check your International and your Chicago Profile for accuracy and up-to-date information. Your profile is only as good as you keep it current.

Do You Feel Overwhelmed by the Emails Being Sent From ASIS?

We have heard from several Chicago members that they feel inundated and overwhelmed with emails from the Chapter. We as a Board and Chairs, do our best to keep our Chapter communications to a minimum. We send out one to two announcements per week for our upcoming events and increase the frequency the week of so that those whose schedules free up at the last minute can attend.

As we investigated this issue further, we believe that perhaps the root of the "too many emails from ASIS" are from International, specifically, the Community Connections emails. Based on your selected preferences in your International profile of interests/expertise, International will then send those applicable Community emails. Those notifications can be modified by going into your ASIS International profile and changing your ASIS Connected Community Settings and/or your email & communication preferences as follows:

Step 1: After logging into ASIS International, click on My Information, select My Account, and then in the ASIS Links box to the right – My Communication Preferences.

Step 2: After making and saving changes scroll to the bottom of the page and click on ASIS Connected Community. Click on My Connections to see which ASIS Communities you are enrolled in and determine how often you want to receive them – daily or weekly. Make your changes and then hit save (also check to see who you are following).

Step 3: Move to the My Community Tab and select Email Preferences and verify or change your preferences and hit save. In this same tab, select Communication Notifications and do the same.

Need help? Call ASIS International Membership (703-519-6200) and they can help walk you through the process.

Update: Meeting Announcements From Chapter Webmaster

Below is an article from StarChapter, our website service and the service we use to send out mass emails to our Chapter members and nonmembers explaining a change in the From Address from mass emails coming from our Chapter. In the past the announcements about our meetings and events used to come from ***webmaster@asischicago.net***. The new email address being used is now: ***postmaster@mg.asischicago.net***. Please make sure that you check your junk and spam folders in case these emails are going there and unblock that new ***postmaster@mg.asischicago.net***. Thanks.

StarChapter made some updates to our mass emailing features to comply with new guidelines required by Google and Yahoo. This change in From Address is in place to ensure to those providers that mass emails coming from your organization are authentic, and not spam. It may take some time for all email providers to adapt based on those guidelines, as all bulk email tools are experiencing an increase in delivery issues immediately following these new requirements. This issue should improve as email providers adapt to the new policies.

Moving forward, all mass email sent through your StarChapter system will be from postmaster@mg.yourdomain.ext. Yourdomain.ext will be replaced with your organization's domain name. You will still have the ability to add a unique reply-to email address or sender name to your message when setting up your email campaigns.

Please reference ***this article*** for further information and tips to maximize your delivery.

Best,

The StarChapter Team

New 2027 Chapter Luncheon Ticket Price for Law Enforcement and Military Personnel

Due to rising costs, in 2027, the ASIS Chicago Chapter will be raising the special ticket price to $25 for all law enforcement and military personnel who come join us at our regular monthly Chapter Luncheon meetings. Our monthly Chapter meetings are held on the 3rd Thursday of the month at Harry Caray's River North, 33 W. Kinzie in Chicago, IL. Come join us for networking, a great lunch, and fantastic guest speakers on various topics relevant to security practitioners.

Make Sure to Follow the New ASIS Chicago Chapter LinkedIn Page

Hello everybody! Currently, there are two different LinkedIn pages for the ASIS Chicago Chapter. One of the pages is a private group page and the other one is a public company page. These two different LinkedIn pages can often cause confusion on where to look and interact with. Due to these issues, we as a chapter will no longer be supporting or posting on the private group page. All social media content moving forward will be posted on ASIS Chicago Chapter's public LinkedIn page. This new change will give us the option to attract new members to the chapter and upcoming events. If you have not done so already then make sure to follow the new public LinkedIn page to stay up to date with chapter events and news!
